### ONE STOP FOR PRINTER MANAGEMENT & OPTIMIZATION

With managed print services from <<COMPANY NAME>>, we'll monitor your projects, manage your shipping and reporting, and replace your supplies. Whether you need someone to handle print-related service calls, document production optimization or service clients while you follow up on leads, we'll manage your print services without the time-consuming reports or headache-inducing set-ups. By automating your shipments, you'll provide customer satisfaction without lifting a finger – giving you one less thing to worry about. Plus, you'll provide high-quality prints without the hefty price tag associated with them.

#### LOWERED COSTS

From buying ink cartridges to purchasing paper and toner, managing your own printing solution is expensive and time-consuming. We'll help you lower costs by working with vendors to get affordable supplies and integrate them into your printing services.

#### AUTOMATED UPDATES

To keep your printer running smoothly and performing at its best, your system requires maintenance and updates. <<COMPANY NAME>> automatically updates your hardware and tests your system to ensure downtime stays at a minimum.

## ACTIVITY REPORTS

If your printer is experiencing a paper jam, but you aren't there to see the error message, does the jam still exist? We provide incident reports to keep track of changes to your printer and provide solutions for preventing issues.

## ENHANCED SECURITY

Maintaining the security of your printers is often an afterthought for many businesses. We'll conduct a print assessment to identify printer and IP security risks, including recommendations for print sign-in security, to minimize intellectual property theft and security breaches.

## ENVIRONMENTAL ANALYSIS

With managed print services from <<COMPANY NAME>>, you can track and analyze your levels of print usage to intervene and reduce your environmental footprint. Not only will you help the environment but you'll also save money on paper and ink.

## ON-DEMAND SUPPORT

Paper jams and other disconnects with your hardware cause delays and frustration. We're here to help – just give us a call or shoot us an email. We work with you to troubleshoot technical issues and overcome obstacles to productivity.
